

## Downloading Dawsonera e-books

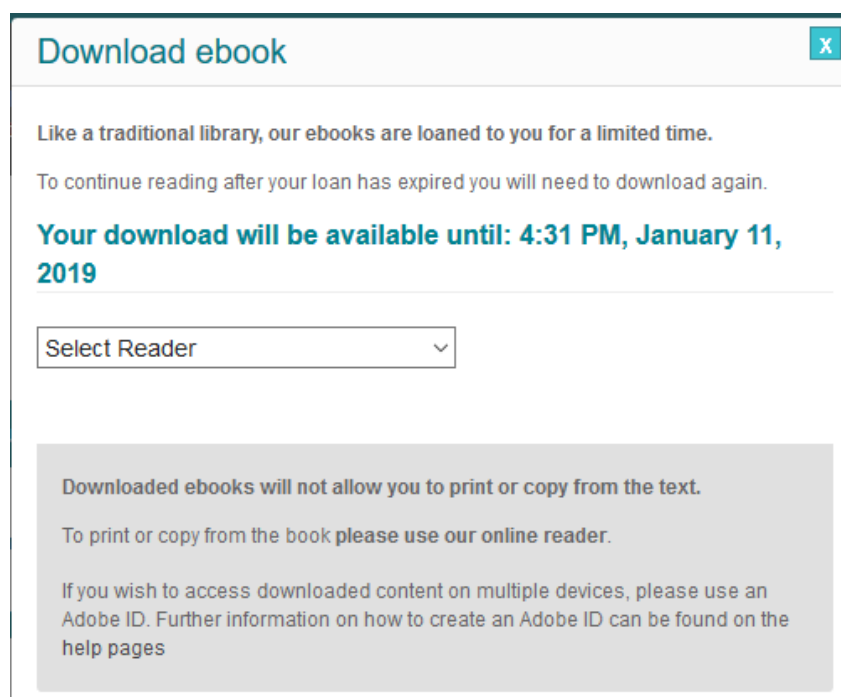

You will need to use Adobe Digital Editions 4.5 to download an e-book (Adobe Reader is no longer sufficient). This is free to download.

Go to the book you would like to download:

The screenshot shows the Dawsonera website interface. At the top, there is a navigation bar with links for Home, About, ebook Catalogue, My Account, and Help. A search bar is located on the right side of the navigation bar. Below the navigation bar, the breadcrumb trail reads "You are here: Landscapes and Landforms of Ethiopia". The main heading is "Landscapes and Landforms of Ethiopia" with a star icon to its right. Below the heading, the author information is displayed: "Author: Edited By Paolo Billi. Pages: 384 Size: 27.03 MB Format: PDF Publisher: Springer Verlag. Published: 01 January, 2015. eISBN-13: 9789401780261 Show more". A description of the book is provided, followed by two buttons: "Download ebook" and "Read online".

Click on Download ebook and the next window will open:

The screenshot shows a dialog box titled "Download ebook" with a close button (X) in the top right corner. The dialog box contains the following text: "Like a traditional library, our ebooks are loaned to you for a limited time. To continue reading after your loan has expired you will need to download again. Your download will be available until: 4:31 PM, January 11, 2019". Below this text is a dropdown menu labeled "Select Reader". At the bottom of the dialog box, there is a grey box containing the following text: "Downloaded ebooks will not allow you to print or copy from the text. To print or copy from the book please use our online reader. If you wish to access downloaded content on multiple devices, please use an Adobe ID. Further information on how to create an Adobe ID can be found on the help pages".

From the 'dropdown' options in the Select Reader box, choose Adobe Digital Editions, then click Download:

Downloaded ebooks will not allow you to print or copy from the text.

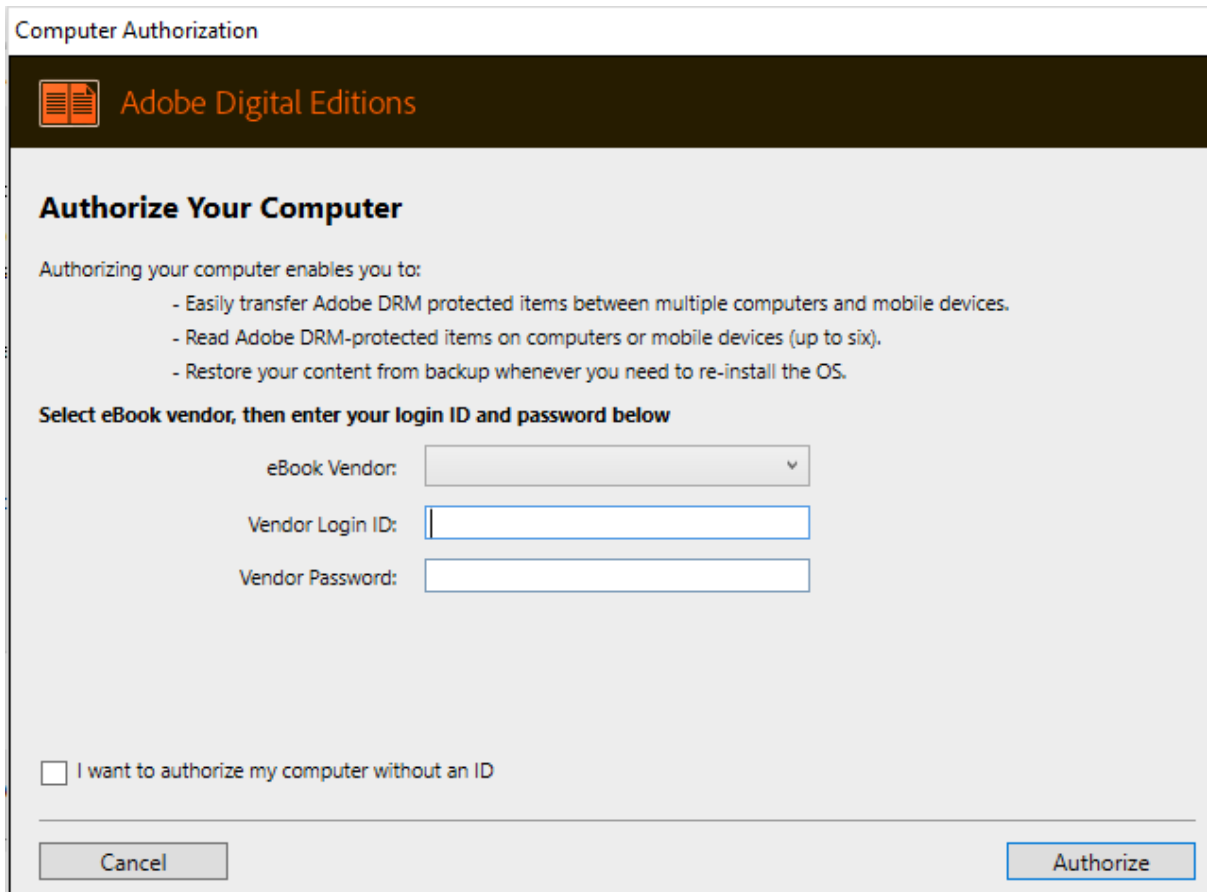

To print or copy from the book please use our online reader.

If you wish to access downloaded content on multiple devices, please use an Adobe ID. Further information on how to create an Adobe ID can be found on the help pages

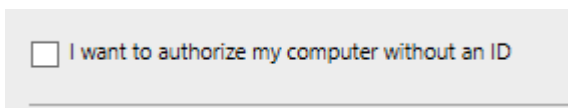

The following window should then pop-up – showing that the book will open with Adobe DE. Click OK (**don't** change to Save):

If Adobe DE has not been used before you may get the following window:

Click on 'I want to authorize my computer without an ID' (unless you are wanting to access documents across multiple computers / readers, in which case there should be some Help on Adobe DE or Dawsonera):

Then just wait for the book to open.

To reopen a book during the selected loan period, click on Adobe DE icon on your desktop and you will find your downloaded books there, e.g.:
